

TRUSTEES
with Health Care, Social Services or a financial background
Voluntary positions (expenses will be paid)

As a forward looking Charity and Registered Social Landlord, Brunelcare is committed to providing a wide range of services for older people, including nursing homes, sheltered housing, day care and home care. We help thousands of older people maximise their level of independence either in the community or in one of our care homes and are at the forefront of developing innovative services to meet their needs.

We are seeking to recruit new Trustees who can invest some of their time and talents to positively influence the future of Housing and Care services which we provide to the elderly in and around Bristol. Helen Joy, our Chief Executive, is keen to assist you in applying your knowledge and build on your current experience of governance.

The Board meets on a regular basis, approximately 7 times per year.

We are happy to provide any training you feel you may need. For further details please contact Helen Joy on 0117 9144 201.
